REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Brookline:

I herewith tender the twenty-first annual report, my first in the series. As you well know, the year about which I am to report was largely within another's administration. Therefore, I beg your indulgence if this is not as complete as expected. A statement recently caught my eye "A beginning administrator should not be too aggressive but should adopt the normal course and gradually work in his changes." Without too much emphasis on the last part of the statement, these sentiments are mine. It is my plan to adjust myself to the organization as I come into it, to suggest changes only as the need arises or a change will better serve the pupils in the schools. There can be little dispute of the fact that everything done must contribute to the pupil welfare. We must weigh and measure every procedure in these terms.

PERSONNEL

This present school year opened with but one change in the teaching staff. Miss Dorris Campbell, after some experience in your first and second grades, accepted a position in another town. Her replacement was Miss Rena Katsiaticas of Nashua, a recent graduate of Keene Teachers' College. She is now giving a good account of herself in the primary room. Hardly had school opened this fall before the resignation of Miss Madeline Nash was received. The available candidates for this vacancy were very limited. The final selection for her vacancy fell on Miss Elinor Gleason of Lowell, Mass., a 1939 graduate of Lowell Teachers' College. We have every reason to believe the choice a happy one. The work in both the primary and intermediate rooms is progressing well in spite of the changes, a fact which is to the credit of these two young teachers. Miss Ouellette carries on effectively as the only veteran on the staff. Miss Elsie Wheeler continues as music supervisor.

ACCOMPLISHMENTS

I can but briefly give you information upon this sub-

ject as it pertains to the year before I began service. However, I like to report on pupil achievements. It is the phase of the work I most enjoy. I refer you to the list of pupils neither absent nor tardy as one achievement. Then you will be interested to know that of the seventy-five children in your schools in June 95% of them received promotion. This high figure is indicative of good teaching as well as pupil achievement. I hope to be more specific in regard to achievements in the next report.

FINANCIAL DATA

Recent reports from the State Board of Education reveal the figures given below. They show the financial burden to support schools in your district as compared with some other districts. The value of State-aid is well illustrated in the tabulation. The districts named in the tabulation are those in this union together with that district which has the least expense and the one which has the greatest expense. The numbers appearing before the districts indicate their relative position in the state.

Current Cost per \$1000 of Equalized Valuation 1938-1939

	Total	State-Aid	Net
1. Monroe	\$3.12	none	\$3.12
46. Mont Vernon	8.18	none	8.18
79. Milford	9.81	none	9.81
99. Amherst	10.97	1.33	9.64
107. Brookline	11.34	2.35	8.99
125. Hollis	12.03	1.06	10.97
241. Unity	30.11	16.11	14.00

The elementary per pupil costs for the year 1938-1939 for this union are: Amherst \$72.63; Brookline \$62.09; Hollis \$63.92; Milford \$62.21; and Mont Vernon \$106.37, while the median per pupil cost for the whole state was \$81.07.

These figures should point to the fact that your schools have not been conducted at excessive cost.

NEEDS

I feel again that my short term compels restraint. Your

School Board is anxious to wisely spend all monies entrusted in its care. To me the greatest need is redecorating of the Primary School. If all cannot be accomplished in one year, I would suggest planning for it, doing part one year, some more the next, and so on to completion. It is my opinion that the schoolhouse should reflect the best home in the town.

CONCLUSION

I conclude this discussion with a reiteration of principles. Education is necessary to an enlightened democracy but the education some are to receive must be varied to meet needs and capacity for attainment. Hence, a broad program of subject matter is offered. The majority can assimilate the usual program. The few who cannot compel, unfortunately for our finances, a wider latitude of selection. Yet each and every one is a member of our American democracy and must be served to the best of our ability. Such is the aim of present day education.

I am especially grateful to the citizens of Brookline for the cordiality and friendly attitude. My contacts in your midst have been very pleasant. I am further appreciative of the active interest of the School Board and the conscientious efforts of your local teachers. I believe we are working co-operatively to further the interest of childhood which will lead to good citizenship as youth assumes the cares of management in due season.

I invite your attention to the statistics and other reports which follow.

Very respectfully,

HAROLD C. BOWLEY,

Superintendent of Schools.

REPORT OF SCHOOL NURSE

To: Mr. Harold C. Bowley, Superintendent of Schools
Brookline, New Hampshire.

The following is my annual report of health work in the Brookline schools.

The annual medical inspection was made by Dr. Abbott Winograd of Nashua. A tabulated record of this inspection will be found in the School Physician's report.

Four children were vaccinated by Dr. Winograd after the inspection.

Thirty-one school room visits have been made during the year and home visits as needed for various health work.

The eye examinations were made with the Snellen Chart by the nurse. Several corrections have been taken care of while others are waiting for necessary attention.

There was an epidemic of measles during the spring term. However, since September, we have been able to avoid any contagious disease and I hope we may remain free from same throughout the year.

The Dental Clinic was omitted this year but I hope the project can be continued again as teeth are a very important factor in childrens health. Brookline has always been fortunate in having a very good clinic whereby the pupils' teeth have been kept in good condition. Perhaps this year the clinic can be carried on again.

The Pre-School Round-Up and Well-Baby Clinic was held at the Daniels Academy Building. Immunization against diphtheria was given at this time.

One child had necessary throat corrections at Grasmere Hospital

In closing, I wish to thank all those who assisted me in my work this year.

Respectfully submitted,

VENITA H. CARTER, R. N.,

School Nurse.
